TASTING NOTES

Unió DOP Siurana has an intense and pleasantly fruity green olive aroma, with notes that are reminiscent of mint and freshly cut grass, as well as hints of fruit like apple or banana.

The flavours of tomato and unripe walnut, with an almond aftertaste that creates a magnificent sensation on the palate, stand out in the mouth and you quickly appreciate that you are tasting a unique and exceptional oil. Overall it is a harmonious, well-rounded and rich oil with a multitude of attributes and a perfect balance between sweet, bitter and spicy.

DOP SIURANA

The Protected Designation of Origin Siurana is located in southern Catalonia, by the Mediterranean sea. Arbequina olive variety, soft and fruity, is genuine from this region. The area of Siurana was recognised as DOP more than 35 years ago, because of its milenary olive-growing tradition and because some of the world's best olive oils are produced in it.
