TASTING NOTES

Duc DOP Terra Alta has an aroma that evokes tomato, banana and ripe fruit. In the mouth it is a rich, harmonious and balanced oil that skilfully combines bitter and spicy flavours, creating a pleasant sensation of fulfilment.

DOP TERRA ALTA

Terra Alta Protected Designation of Origin is an inland region, sparsely populated, that stands out by the force of its landscape. Its Protected Designation of Origin was born in 2002. The olive trees grow at an average altitude of 400 meters above the sea level, among almond trees and vineyards. Its Mediterranean climate and the presence of Empletre olive variety define this region.
