ORGANIC EVERYDAY

ORGANIC EXTRA VIRGIN OLIVE OIL

Arbequina is one of the most appreciated olive varieties in the world. Its small size holds a fruity, balanced, and gentle flavor.

NOS ORGANIC IS AN ORGANIC OLIVE OIL MADE WITH ARBEQUINA OLIVES GROWN IN THE PRIORAT AREA.

The altitude and climate conditions favor organic cultivation.

Origin

NOS Arbequina Everyday comes from the Protected Designation of Origin (PDO) Siurana. Despite representing only 1.2% of total PDO olive oil production in the country, Siurana is Spain's leading PDO olive oil in terms of sales. The region includes a mix of coastal and mountainous zones, but it's in the highest areas of Priorat where we can carry out organic agriculture.

Variety

Arbequina is a small, rounded variety known worldwide for its aromatic and smooth profile. We cultivate it right in its native land, in its most genuine expression.

Tasting Notes

Oil with a balanced and complex profile, medium-high olive fruitiness, with a great variety of secondary vegetal aromas: green grass, tomato, green almond, artichoke, kiwi, and banana peel. The mouthfeel is of almond and green almond, with notably well-balanced bitterness and pungency, and a final astringency that does not interfere with its profile.
